Equality and Diversity Policy

This policy relates to all other curricular policies and should be read in conjunction with them.

Policy Statement

In line with the Equality Act 2010 and the Public Sector Equality Duty (PSED) all members of our school community have the opportunity to achieve the best that they can, regardless of race, disability, gender, age, religion, belief, sexual orientation, pregnancy and maternity and gender reassignment or special educational need. We recognise and value diversity and the way in which differing contributions enrich the life and development of our school and its community.

We aim to provide a range of educational activities and enrichment opportunities, which encourage everyone to participate in learning. Through our teaching, administration and support services, and our community links, we will promote equality of opportunity and seek to remove any barriers to access, participation, progression and achievement.

We will ensure that we honour our legal obligations and strive for freedom from discrimination. All members of the school community will be fairly treated.

We will provide a welcoming, secure and caring atmosphere within a stimulating learning environment. We will consider the social and emotional aspects of learning and promote high self-esteem for all members of the school community. To reinforce this, we will strengthen links between school, home and our wider community, valuing the contribution of each towards the development of well-balanced individuals and encouraging pupils to develop a positive view of their contribution to society.

Aims

We are committed to providing equality of opportunity and anti-discriminatory practice for all children, families and staff. We aim to:

- Ensure that the culture and ethos of the school is one in which the heritage and origins of all people are equally valued and treated with respect.
- Provide a broad, balanced and enriched curriculum that enables us to meet a wide range of individual learners' needs, goals and aspirations. The curriculum will be delivered through quality first teaching.
- Include and value the contribution of all families to our understanding of equality and diversity;
- Improve our knowledge and understanding of issues of equality and diversity through ongoing CPD;
- Provide training for all staff and governors to enable them to understand our policy, participate in its implementation, and promote equality of opportunity.

- Ensure that procedures for recruiting and selecting staff will be sensitive to, and promote, equality of opportunity.
- Ensure that the ethos and environment of our school enables all pupils and staff to feel welcome, supported and valued, with access for all to our facilities and services.
- Encourage pupils and staff to recognise, understand and value diversity.
- Develop our pupil induction and curriculum to enable children to understand this policy, its implications, and how they can contribute to achieving greater equality of opportunity.

3. Monitoring and Evaluation:

The school will:

Systematically review this and all policies, and address any areas of inequality.

Monitor and evaluate progress of all pupils, and analyse data in respect of any potential barriers to learning, such as children in care, SEND, birthdate, gender.

Responsibilities:

The Governing body will ensure that the school complies with equality legislation. The Head Teacher and staff will implement this policy in all areas of school life, identifying and challenging bias and stereotyping within the curriculum and culture of the school. All breaches of this policy will be investigated using the appropriate procedures and reported to the Local Academy Board and Trust Board as required.

Review This policy was drawn up after consulting relevant information and documentation and the legal framework for this policy is:
